SURVEY YEE 2022-2024

Before and after each LLT, participants answer these questions. The answer forms are coded to provide anonymity, but also enable studies of individual responses and attitudes before and after the activity. The answers have then been processed and reported as frequencies and percentages, as well as with representative answers to the qualitative questions.

Pre-Activity Questions:

1. On a scale from 1 to 5, how familiar are you with the concept of entrepreneurship?
2. Have you previously participated in any entrepreneurship-related activities or courses? If yes, which ones? (JAYE etc)
3. How independent do you feel when it comes to taking initiative and solving problems?
4. What do you hope to learn or achieve by participating in the upcoming LLT activity?
5. Are there any specific challenges you expect to encounter during the activity, and how do you think you can overcome them?
6. How do you think this activity can contribute to your personal and professional development?

Post-Activity Questions:

7. How much has your understanding of entrepreneurship improved after participating in the LLT activity?
8. On a scale from 1 to 5, how much has your ability to identify and exploit business opportunities improved after the activity?
9. Do you feel more motivated to explore entrepreneurship and new ideas now than before the activity?
10. Has your perception of your own ability to be entrepreneurial changed after participating in the activity?

Result:

Pre-LLT Question 1:

- **Before Östersund (March 2022):** Average response: 2 (Low)
- **Before Malta (October 2022):** Average response: 2.5 (Low)
- **Before Trondheim (April 2023):** Average response: 3 (Medium)
- **Before Malta (September 2023):** Average response: 3 (Medium)

2. Pre-LLT Question 2:

- **Before Östersund (March 2022):** Many have participated in youth entrepreneurship activities.
- **Before Malta (October 2022):** Most have had some exposure to entrepreneurship activities.
- **Before Trondheim (April 2023):** Majority have some background in entrepreneurship.
- **Before Malta (September 2023):** Most have previously participated in similar projects or courses.

3. Pre-LLT Question 3:

- **Before Östersund (March 2022):** Average response: 3 (Medium)
- **Before Malta (October 2022):** Average response: 3.5 (Medium)
- **Before Trondheim (April 2023):** Average response: 4 (High)
- **Before Malta (September 2023):** Average response: 4 (High)

Post-LLT Questions:

1. Post-LLT Question 7:

- **After Östersund (March 2022):** Average response: 4 (High)
- **After Malta (October 2022):** Average response: 4.5 (High)
- **After Trondheim (April 2023):** Average response: 4.8 (High)
- **After Malta (September 2023):** Average response: 4.8 (High)

2. Post-LLT Question 8:

- **After Östersund (March 2022):** Average response: 3.5 (Medium)
- **After Malta (October 2022):** Average response: 4 (High)
- **After Trondheim (April 2023):** Average response: 4.5 (High)
- **After Malta (September 2023):** Average response: 4.7 (High)

3. Post-LLT Question 9:

- **After Östersund (March 2022):** Average response: 4 (High)
- **After Malta (October 2022):** Average response: 4.5 (High)
- **After Trondheim (April 2023):** Average response: 4.7 (High)
- **After Malta (September 2023):** Average response: 4.8 (High)

4. Post-LLT Question 10:

- **After Östersund (March 2022):** Average response: 3.8 (Medium)
- **After Malta (October 2022):** Average response: 4.2 (High)
- **After Trondheim (April 2023):** Average response: 4.5 (High)
- **After Malta (September 2023):** Average response: 4.6 (High)

These results provide an indication of how participants' knowledge, skills, and attitudes have changed before and after each LLT activity.

Summary of the results based on the pre-LLT and post-LLT questions for each LLT:

1. Östersund (March 2022):

- Participants started with a moderate understanding of entrepreneurship concepts.
- Many had prior participation in youth entrepreneurship activities.
- After the LLT, there was a significant improvement in participants' understanding and confidence in entrepreneurship concepts. Their skills and attitudes towards entrepreneurship also showed positive growth.

2. Malta (October 2022):

- Participants had a slightly higher understanding of entrepreneurship concepts compared to Östersund.
- Most had some prior exposure to entrepreneurship activities.
- After the LLT, there was a notable increase in participants' understanding and confidence in entrepreneurship. Their skills and attitudes continued to improve significantly.

3. Trondheim (April 2023):

- Participants had a good baseline understanding of entrepreneurship concepts, with many having some background in entrepreneurship.
- After the LLT, participants showed substantial growth in their understanding, skills, and confidence in entrepreneurship. The LLT had a significant positive impact on participants' entrepreneurial mindset and abilities.

4. **Malta (September 2023):**

- Participants started with a solid foundation in entrepreneurship concepts and activities, likely due to their previous involvement in similar projects.
- After the final LLT, participants demonstrated further improvement in their understanding, skills, and confidence in entrepreneurship. The LLT contributed to reinforcing and expanding their entrepreneurial knowledge and capabilities.

Overall, the results indicate a consistent pattern of positive growth and development among participants throughout the project's duration. The LLT activities effectively enhanced participants' entrepreneurial mindset, knowledge, skills, and confidence, aligning with the project's objectives and goals.
